SUMMARY

Full Stack Developer with hands-on experience building 8+ web applications, including CRM systems and data-driven platforms. Skilled in backend development, API integration, and database management, with a strong focus on solving real-world business problems. Proficient in Python and data analysis, with the ability to design systems that improve operational efficiency, automate workflows, and support decision-making. Passionate about applying AI and analytics to optimize processes and deliver scalable, impactful solutions. Seeking to leverage AI-driven solutions to enhance operational performance and efficiency in a real-world business environment.

EXPERIENCE

Full Stack Developer (Freelance)

07/2025 – 05/2026

Self-Employed / Freelance, Farrukh Nagar, IN

- Developed 8+ web applications, including CRM systems and dynamic business websites, enhancing user experience through full backend integration.
- Designed and implemented scalable backend systems to manage user data, workflows, and real-time operations.
- Integrated secure payment gateways to enable seamless online transactions for clients.
- Enhanced system efficiency by structuring data and optimizing application workflows for better performance.
- Collaborated with clients to understand business requirements and deliver customized digital solutions.
- Built responsive and user-friendly landing pages optimized for performance and engagement.
- Performed testing, debugging, and deployment to ensure reliability and smooth user experience.
- Utilized data-driven insights to streamline operations and support informed business decision-making.

SKILLS

Core Skills

Machine Learning, Data Analysis, Full Stack Web Development, Backend Development, API Development & Integration, Database Management

Programming & Tech

Python, JavaScript, C++, SQL

Frameworks & Tools

Node.js, Express.js, React.js, REST APIs

Cloud & Backend Services

Google Cloud Platform (GCP), Firebase, Supabase

Databases

MySQL / PostgreSQL

Other Important Skills

Payment Gateway Integration, System Design Basics, Deployment & Hosting, Git & GitHub, Problem Solving, Debugging & Testing

EDUCATION

B.Tech (AI/ML), Artificial Intelligence And Machine Learning

08/2024 – 07/2028

St. Andrews Institute of Technology And Management, Farukhnagar, India

Vivekanand Kendra Vidyalaya, Dibrugarh

04/2009 – 04/2022

Dibrugarh, India

CERTIFICATIONS

Google Cloud Skills Boost (Qwiklabs) – Google Cloud Platform

Completed hands-on labs on cloud infrastructure, deployment, and data services through Google Arcade Program. Earned multiple badges and recognition for completing cloud-based challenges.
